

Service-Disabled Veteran-Owned Small Business
Owned & controlled by Erik Cooper — service-disabled U.S. Marine
Corps combat veteran.

NAICS (Primary): 236220 · Small Business
Licensed — Louisiana (CL 41751) & Mississippi (25321-MC)

Gottfried Construction, LLC is a Service-Disabled Veteran-Owned Small Business and a Louisiana- and Mississippi-licensed general contractor working exclusively for federal, state, and municipal clients. Since 2001 we have delivered civil infrastructure, facility renovations, repair and maintenance, and water and wastewater projects while self-performing the critical mechanical, electrical, and process systems others subcontract. We excel in occupied facilities and on active installations where maintaining operations, safety, schedule, and regulatory compliance is mission critical — backed by full bonding and deep command of federal, state, and municipal procurement, prevailing-wage, and specification compliance.

CORE COMPETENCIES

- General construction — new, renovation & upgrades for government facilities
- Base & facility repair and maintenance — MATOC / IDIQ / JOC-style work
- Design-build construction support
- Civil & site work — sitework, utilities & infrastructure development
- Water & wastewater treatment & infrastructure development
- Pump stations, process mechanical & piping
- Electrical, instrumentation & controls (I&C)
- Occupied facility renovations — phased, no shutdown

DIFFERENTIATORS

- Government-only focus — public-sector procurement, prevailing wage & spec compliance are our core, not a sideline
- Broad self-perform capability — general, civil, mechanical & electrical under one roof
- Proven occupied-facility construction
- Federal quality control and safety procedures
- SDVOSB advantage — sole-source & set-aside eligible under FAR 19.14; counts toward agency SDVOSB prime contracting goals
- Licensed in Louisiana (CL 41751) & Mississippi (25321-MC)
- Bonded & fully insured — veteran-led, on-time, on-budget

REPRESENTATIVE EXPERIENCE
